**Subway/RT Strip Maps**  
 All TTC Surface routes (except route 99) connect with the Subway/RT system. Specific connections for all routes and branches of routes are shown on the Subway/RT Strip Maps to the right and below.  
 O indicates a transfer is required to connect between Subway/RT and these routes.  
 A purple background indicates a G1A PASS or additional fare is required to connect between Subway/RT and these routes.

**Rapid Transit**

- TTC Yonge-University-Spadina Subway
- TTC Bloor-Danforth Subway
- TTC Scarborough RT
- GO Train Lines

**Map Features**

- TTC Metropass Parking
- TTC Cash Parking
- Places of Interest
- Arrows indicate the direction of travel around a loop.
- Highlight notes with arrows indicate reverse looping changes.
- WIA/RT Connection
- Washrooms
- Accessible Elevator
- GO Transit Parking

**How To Read Bus Route Numbers and Notes**

- A '+' indicates that all branches run along that portion of the route. For example 87+ indicates the presence of all branches: the 87, the 87A, the 87B.
- A ':' separates each branch in a route box where only some of the branches follow that portion of the route. For example 87A indicates the presence of the 87A and the 87B, but not the 87.
- A rectangular box indicates a route end point or a branch of a route end point.
- A pointed box is angled to show the direction of travel.
- A yellow rectangular box indicates the end point of an express route or the end point of an express branch of a route. Note that route lines are not shown for express branches on regular routes.
- A yellow pointed box shows the direction of travel on Downtown Express and Rocket routes.
