### How To Read Bus Route Numbers and Notes

A "\*" indicates that all branches run along that portion of the route. For example, 87\* indicates the presence of all branches of the 87, the 87A, the 87B.

A "." separates each branch in a route bus where only some of the branches follow that portion of the route. For example, 87.A indicates that the 87 and the 87A are present; the 87B is not. Alternatively, 87.A.B indicates the presence of the 87A and the 87B, but not the 87.

A rectangular box indicates a route end point or a branch of a route end point.

A pointed box is angled to show the direction of travel.

A yellow rectangular box indicates the end point of an express route or the end point of an express branch of a route. Note that route lines are not shown for express branches on regular routes.

A yellow pointed box shows the direction of travel on Downtown Express routes, Routes 191, 192 and 196.
