Mississauga Transit Fare Change

Effective Sunday, January 4, 2004

At the request of Mississauga Transit, who contract with the TTC to operate the service west of Pearson Airport, a change will be made to the cash fare accepted beyond the Mississauga fare zone boundary at Airport Road & Jetliner Drive. A Mississauga Transit cash fare of \$2.25 will apply to all customers. There will be no change to any other fares accepted in the Mississauga fare zone.

Service west of Pearson Airport on the 58 MALTON route is operated by the TTC for the City of Mississauga. There will be no change to fare collection in the Toronto Fare zone. An additional fare is required when crossing the fare zone boundary at Jetliner Drive and Airport Road, in either direction.

Fare collection procedure:

Westbound: Pay as you enter and pay as you exit westbound at all stops west of the fare zone boundary. All customers must leave via the front door, and must pay the valid Zone 3 fare, or show proof of Zone 3 fare payment.

Eastbound: Pay as you enter and free exit eastbound. At the fare zone boundary, customers must pay the valid TTC fare, or show proof of TTC fare payment.

Schedules are posted at all transfer points along this route.
