Effective Sunday, September 5, 2004

The route will be changed so that some buses operate to Queen's Park via University Avenue. This change will provide new direct overnight service from the hospitals and Entertainment District to Yonge Street, following part of the routing of the University Subway. Service will be provided about every 30 minutes by a new 320B (Steeles-Queen's Park) branch. There will be no change to the combined service on Yonge Street, north of Front Street. Trips that do not operate to Queen's Park Station will continue to operate to Queens Quay, on the 320 (Steeles-Queens Quay) branch.
